

The University of the Republic

Promotions

Promotion #1

For a limited time anyone who wishes to attend the University of the Republic as an **“Unofficial”** student and meets the minimum admission requirements, the University of the Republic will permit that person to enroll in any of the courses offered at the University of the Republic at 50% of tuition obligation.

The **“Unofficial”** student desiring to take advantage of this promotion will still be responsible for any incidental costs incurred by the University of the Republic, just as the **“Official”** student will be. During this promotional event, which the University of the Republic intends to maintain for as long as possible, the University of the Republic promises to keep all costs to an absolute minimum. The intent is to provide a high quality inexpensive education and the University of the Republic will deliver.

The University of the Republic makes it clear, however, it is under no obligation to confer any certificate of completion unless and until the student **“officially”** applies to the University of the Republic, is **“officially”** accepted, meets all educational requirements as they are delineated in the program guide, and meets the financial obligations of the program as an **“officially”** enrolled student in a specific certificate of completion plan.

If, within a 5 year period marked by the beginning term of the first course completed, the **“Unofficial”** student who has completed all courses in the program wishes to be considered for the conferment of a certificate of completion offered by the University of the Republic and has met all educational requirements, then that **“Unofficial”** student must **“officially”** apply to a specific program plan, be **“officially”** accepted to the program plan and pay all necessary costs of attending the University of the Republic at that particular time, and within the same calendar year as is indicated on their acceptance letter as an **“Official”** student. The cost to the student will equal the difference between what has been paid, as an **“Unofficial”** student, and the current tuition charged an **“Official”** student.

Promotion #2

This promotion has been established to assist the **“Official”** student in paying for his or her certificate of completion, and assist others in their educational pursuits.

For a limited time any **“Official”** student of the University of the Republic who refers another **“Official”** student to the University of the Republic will receive a payment equal to 5% of the

Promotions

tuition for each course attended. This promotion applies only upon the receipt of the full tuition in a particular course at the University of the Republic. There shall be permitted only one referee per referred student. The University of the Republic will not accept multiple referees for the same student. The first referral that the University of the Republic receives will be assigned to the referred student. All other referrals received will be discarded, unless the referred student identifies a particular referral source. The referred “**Official**” student will be the ultimate decision maker in regards to whom he or she was referred by. This promotion will require the completion of the “Student Referral” form by both students: the referee and the referred.

$\$100.00 / \text{unit} \times 4 \text{ units} = \400.00

5% of 300 =

\$20.00

United States Veteran Appreciation Promotion

The University of the Republic wants to demonstrate its appreciation for the sacrifice men and women of the United States armed forces have made to this nation. Theirs was the ultimate gift that any person can provide to secure our freedom and liberty. It is our hope that everyone in this nation understands what our veterans have provided for each one of us. Regardless if they were enlisted or volunteered, our United States armed force veterans placed their lives on the line for us, and for this great nation. In addition, let us not forget the families that they left behind in their service to us. We owe them all so much. The University of the Republic wishes to express our most esteemed gratitude to our veterans for their service, and their families, not just in the form of mere words, but in action.

Promotion #3

For as long as the University of the Republic provides educational programs, we will always provide a scholarship that will equate to a substantial percentage of tuition fees to all US veterans. At this time, the University of the Republic will provide a scholarship that is equal to 25% of the current stated tuition to all veterans of the United States armed forces and the members of their immediate families (husband, wife, and children).

(Proof of US service and family connection must be provided upon admission)

Promotion #4

The University of the Republic

Promotions

For as long as the University of the Republic provides educational programs, we will always provide a scholarship that will equate to a substantial percentage of tuition fees to all US veterans who were wounded while providing service in the armed forces. At this time, the University of the Republic will provide a scholarship that is equal to 50% of the current stated tuition to all veterans of the United States armed forces who qualify under this status, and the members of their immediate families (husband, wife, and children).

(Proof of US service, wounded status and family connection must be provided upon admission)

The University of the Republic appreciates our US veterans

Promotion #5

For a limited time, the University of the Republic has a special promotional “bundling” offer for those students who wish to complete both an Associate of Science and a Bachelor of Science program. Again, for a limited time, the University of the Republic will provide “Official” students the opportunity to complete both programs for the tuitional cost of one. If the student completes their Associate of Science program from the University of the Republic and has met all tuitional obligations, then they will have the opportunity to apply for and complete a Bachelor of Science program at no additional tuitional costs.

The University of the Republic reserves the right to change, or abolish the above Promotions at any time.
